EDITOR

Dear Members

This bumper Autumn edition is full of news from the championship shows, and the summer and autumn field trials. We hope you enjoy reading about the successful dogs in each of these competitions, we have new show champions and several new field trial champions.

The competition for the winners of our top dog and top breeder across both open shows is always hotly contested and this year has been no exception. However points are only awarded for class placings and no account is taken of whether a dog or bitch goes on to win a higher award such as Best Dog or Best in Show. I feel some credit should be given by allocating some points for further awards, please let us know your thoughts on this.

If you receive this newsletter by email you will notice two attachments: **a committee member nomination form and a membership application/renewal form**. These can also be downloaded from our website. Members who receive hard copies will receive them as inserts. Please remember to renew your subscriptions on or before end January 2022 to receive your ballot forms. There is no need to send in a membership renewal form if your contact details have not changed, simply pay your subscription in the normal way, BACS, standing order or cheque to the secretary.

Many of you will remember the tragic road accident in July 2018 in which Alan Neill lost his life along with several of his dogs on the way to the summer field trials. Pointer folk rallied round to care for the survivors, and we are proud to show Piper's story in this edition.

Please try and keep your pointers safe and well in the coming weeks. Even after bonfire night and Diwali there seems to be little respite from the noise until after Christmas and the New Year. Its dark by 4pm and dogs outside in gardens can be so easily spooked and run off. Many animal lovers would like to see fireworks confined to organised displays and a ban on sales to the public.

Don't forget to send me copy for this newsletter at any time, by post or better still email to bradgatepointers@gmail.com or patricia.eldridge@ntlworld.com

Enjoy your pointers

SECRETARY

Hello Members,

It seems a while ago since I wrote my first message to you for the March Newsletter and I hope this one finds you all well.

2021 has not quite been the year we hoped for as Covid – 19 was still hanging over us and continues to, but hopefully to a lesser degree than earlier this year. We've managed some shows but some were removed from the calendar due to varying aspects of the pandemic. The Pointer Club were directly affected by that as our choice of a partner for our championship show, City of Birmingham, were forced to cancel and that left us having to hurriedly find a new partnership agreement.

2021 saw us hold two open shows at Tomlinsons Kennels, Markfield and our Championship show alongside The National Dog Show (Birmingham National) at Stafford County Showground. We had amazing entries for all three shows and on a personal note I want to thank you all for supporting the shows in such large numbers, thank you!

The June show saw 150 dogs entered under Mandy Milford. The weather was very kind to us with some exhibitors/ committee suffering a degree of sunburn!

September 23rd was the day for our championship show and this at last, was the resurrection of what should have been our 2020 60th Anniversary Ch Sh. Aidine Howes (dogs) and Ria Nelis (bitches) were, I know, very pleased to be, at last, fulfilling their judging appointments. Once again, the entry, especially for a mid-week event, was superb with 134 dogs entered. A long day but for the most part the day went very well with Pointers having a monopoly on the Sandylands Hall.

October 16th saw us back at Tomlinson's kennels for our second open show where Maria Jacques judged an entry of 91 Pointers. Unusually for this time of year, the show was held outside but it worked well, largely avoided Covid restrictions and the weather behaved!

To avoid issues with covid, all entries for our shows this year have been online only. Given the super entries I'm presuming you as members are completely comfortable with that or at least, find a way to work around not being able to make paper entries. This is something I'd like to hear your views on. We're not alone in operating this way as many other clubs only offer this method.

On the club administrative side of things, the 2021 AGM was eventually held as an email/postal AGM and all documents were sent to members for responses to be made to me as secretary. Hopefully 2022 will see us hold a conventional AGM on 3rd April at Hasland Village Hall.

That is the same venue where we will be holding our Breed Appreciation Day (BAD) on 16th January 2022. As I write already all places are fully subscribed. This is the first educational event we have held for a few years and the education sub-committee are planning follow up events for 2022.

Wishing you all a Happy Christmas and a peaceful but successful New Year,

Andy Swannell

Hon. Secretary

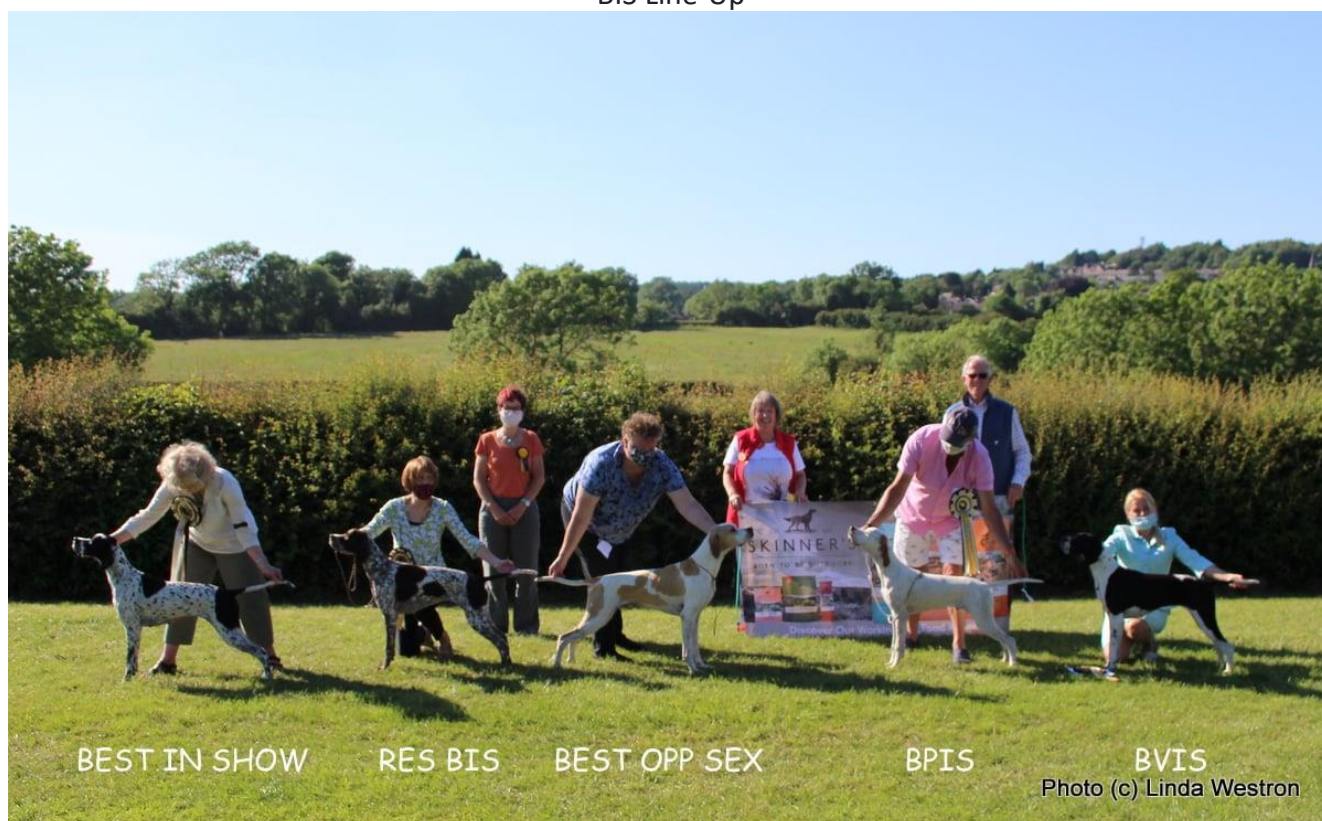

POINTER CLUB OPEN SHOW
12th June 2021
Markfield Show Centre
Judge: Mandy Milford (Haramander)

I was absolutely delighted and honoured to be invited by the Secretary and committee to judge The Pointer Club's lovely, relaxed, well-run open show. I thoroughly enjoyed my day. It was fantastic to see so many Pointers (150 dogs entered) and fellow Pointer lovers after such a long time with no dog shows due to Lockdown during the Covid pandemic. With perfect weather in the morning (though rather hotter for the bitches, hence less movement requested!), it really did make for a great, happy day out for everyone and their dogs, despite social distancing. I must say a huge thankyou to my chief steward who did a fantastic job.

I really appreciated the fabulous Pointer entry, all presented in lovely, clean condition with good temperaments. It was heartening to see that most youngsters have not been affected too much by isolation and lack of ringcraft/socialisation. Overall, good to see much better, characteristic 'bee sting' tails coming back in the breed now and not such a range of head types. I only saw one suspect (overshot) mouth and some dogs without the important sloping pasterns and a few with short upper arms which spoils the breed's daisy-cutting, reach and drive movement. It was great to see all my winners loving their show with lashing tails and heads held high, showing their all-important aristocratic breed qualities which set them apart from other gundogs.

I really was spoilt for choice, with hard decisions in some huge classes, with many dogs going card-less despite being very worthy of being placed. Some fabulous youngsters coming up!

DOGS

Minor Puppy Dog (8,2):

1 Walkling, WILCHRIMANE KINSPHERE WITH KISWAHILI NAF/TAF Wow! This O/W BOY, only 6 months and still immature but immediately caught my eye on entering the ring with his beautiful, correct movement, simply oozing presence and elegance. Deep chest, long neck, so well-balanced, with plenty of curves in all the right places, nothing over-exaggerated. Great feet, lovely tail-set and all topped off with a handsome, well-proportioned head. **BPD, BPIS** I'm certain he will go far in the future.

2 Astbury, JILONY BOBBY BALL AT DORBURY B/W Gorgeous head. All Pointer, so well balanced overall which shows in his correct movement. Elegant, clean, arched neck flows into laid back shoulders. Good oval feet and correct tailset.

3 Norbury & Adams, HEARTBURY LORD ASRIEL

Puppy Dog (3,1):

1 Astbury, JILONY BOBBY BALL AT DORBURY – as above

2 Matthews, SONHAM BLACK EYED PEA Very handsome blanket B/W. Though a little unsettled, he moved like a train with strong, purposeful strides. Up to size already but well proportioned throughout with plenty of curves. Good feet and sloping pasterns .

Junior Dog (6,0):

1 Wilson, MILLPOINT SHOW ME THE WAY TO DJANKAY Very elegant, typey O/W with a lovely, well-proportioned, sculptured head. Short-coupled with very well balanced angulation giving a super series of flowing curves which resulted in perfect, proper movement. Lovely tail which lashed on the move.

2 Gordon, HAWKFIELD PEMBERLEY Beautifully made, heavily marked B/W. An elegant but very masculine boy with lovely head and melting eyes. Balanced angulation with super, correct, sloping pasterns and good feet, all showing in his super, driving movement.

3 Weaver, DAPPLELINE CHANCE FOR ANNIEZU

Yearling Dog (7,2):

1 Norbury, Ganney & Adams, FISHERBLOOM HEY DIDLE DIDLE AT HEARTBURY Very masculine, curvy, heavily ticked B/W who showed his true Pointer style on the move with fabulous lashing, well-set tail. Great fore-chest and chest depth with good, tight elbows. Lovely sloping pasterns. Topped off with a very handsome head with kind eye.

2 Weaver, DAPPLELINE CHANCE FOR ANNIEZU Well angulated, but curvy, balanced, strong, deep-chested O/W boy who excelled in movement, though he stacked a little awkwardly today. Perfect tail-set used well on the move to power him around the ring. Super, typey head and good oval feet.

3 Wheldon & Earl, CAITHPOINT KAI

Novice Dog (7,1):

1 Wheldon & Earl, CAITHPOINT KAI Handsome B/W, well-proportioned head on this boy with a lovely kind, dark eye. Good, clean body outline, with well-balanced, flowing curves. Presented in lovely, muscular condition. Moved with style and elegance.

2 Weaver, DAPPLELINE CHANCE FOR ANNIEZU – as above

3 Matthews, SONHAM BLACK EYED PEA

Graduate Dog (7,0):

1 Henshaw, SHARNPHILLY VICE VERSA WITH PETESHE – lightly marked B/W previously judged when a minor pup and noted how promising he was then. Pleased he has matured superbly, keeping his well balanced, optimum angulation. Sloping pasterns and correct, oval feet. He flows from his lovely reachy neck to his well-set lashing tail. Finished off with a gorgeous head with kind eye. Stylish mover who covered the ground well and with elegance.

2 O'Neill & Timothy, TENSILLING I GOT THE FEVER O/W deep-chested, well -proportioned yearling, displaying a lovely series of curves, still a little maturing in body to come. Handsome head with soft, kind eye. Preferred pasterns and feet of winner.

3 Ovel, JIMAURA BANDIDO

Post Graduate Dog (6,2):

1 Adams, FISHERBLOOM RE'ENCOUNTERED B/W mature 3 year old dog of medium size. Lovely forechest and depth of chest with good, balanced angulation and great shoulder placement. Powered around the ring using his lashing tail. Gorgeous, sculptured head with plenty of neat flews and wide nostrils.

2 Gordon & Howarth, HAWKFIELD JOLLY light O/W, beautiful typey head with thin leathers. Very elegant, graceful, well-muscled dog with lovely balanced angulation fore and aft. Flowed from his lengthy, clean neck to his well-set, neat tail. Close up to winner and will no doubt change places in future.

3 Lowe, LOWSMOOR CRAZY FOR YOU JW

Limit Dog (13,5):

A class full of dogs of lovely, similar type.

1 Walkling, WILCHRIMANE TAMBUTI WITH KISWAHILI Mature 2 year old, ticked O/W. Athletic dog of good medium size. Balanced, superb angulation throughout with great forechest, well-laid shoulders and strong topline leading to his well-set, neat tail which was a delight to see him use on the move. Well let-down hocks and neat, oval feet. Masculine, well-defined head with plenty of length of foreface and very kind eye. **RBD**

2 Philo, FYDAL CAPRIO AT SALMONMIST JW ShCM Very typey O/W, beautiful head with lacy ears, but all masculine, short-coupled, powerful, balanced body with great depth and width of chest and strong, oval bone. Super, sloping pasterns, good feet and well-set tail carried correctly. Considered for 1st place, with overall balance just swinging it in favour of winner.

3 Kirby & Bridgeman-Lewis, PIPEAWAY MASTER DESIGN JW ShCM

Open Dog (3,0):

1 Gordon, HAWKFIELD AUDACITY JW (AI) Very fit, lean O/W dog. Beautifully balanced angulation throughout. The complete picture of a true-to-type Pointer from his long, muscular neck into perfectly-laid shoulders, across his slightly sloping topline to his well-set tail. Plenty of upper arm, superb sloping pasterns, good oval feet and well let-down hocks, giving him the ability to power around the ring with perfect footfall, complimented with a lashing tail, obviously enjoying his day out... I could watch him move all day! ('Movement to die for' in my notes!). To compliment his

overall conformation and movement, he also has a gorgeous, well-sculptured head. He went on to show his socks off later in the dog challenge and his movement won his place as **BD** today.

2 Adams, MILLPOINT SIMPLY SMASHING JW ShCM Heavily marked B/W with a handsome head. Larger and heavier set to winner but beautifully balanced all through, displaying the all-important sloping pasterns and well let-down hocks. Plenty of first and second thigh. He moved around the ring like a train with true drive and lashing tail, holding his strong topline well.

3 O'Neill, SH CH TENSILLING HOME ALONE JW ShCM

Special Beginners Dog (10,3):

1 Norbury, Ganney & Adams, FISHERBLOOM HEY DIDLE DIDLE AT HEARTBURY – winner of YD

2 Tregaskis, MOENFAIR SANGUINEUM LUNA JW Gorgeous headed Li/W with a very kind expression. Presented in beautiful, glowing condition and handled to advantage. Slightly short of upper arm and tail carried a little high.

3 Ovel, JIMAURA BANDIDO

Veteran Dog (9,1)

A very strong, full class with plenty of excellent dogs!

1 Timothy, ANNIEZU MAGIC MOMENTS AT SOUSACROFT 8 year old, very typey O/W, a true series of curves, with perfectly balanced angulation. Great depth of chest and tight elbows. Good length of neck. Presented in great, muscular condition with plenty of first and second thigh. Handled so well around the ring and he gave his all, showing what a Pointer tail is for! **BVD**

2 Harrison, SH CH MILLPOINT HEATWAVE JW ShCM B/W well balanced throughout, presented in lovely, well-muscled condition. Very handsome head with dark eye and kind expression. Great topline, held on the move and good bee-sting tail. Heavier in build and bone than winner.

BITCHES

Minor Puppy Bitch (9,1):

1 Collins, COLHOLME ANGELIQUE Very feminine, elegant compact O/W baby of just 6 months. Pretty head with plenty of sculpting already. Fabulous, settled mover for such a youngster and great depth of chest. Would prefer a little more hind angulation.

2 O'Neill, TENSILLING THE WANDERER 8 month O/W Very curvy, well balanced, mature, heavier set youngster with deep chest. Moved well. Very pretty head.

3 Norbury & Adams, HEARTBURY NORTHERN LIGHTS

Puppy Bitch (6,0):

1 Wilkinson, STOCKSFELL SHOWDOWN Another O/W at just 6 months, so well put together with plenty of balanced angulation. All curves and elegance from her very pretty head through her lovely long neck, over her strong topline to her super tailset. Well let-down hocks, sloping pasterns. Maturing nicely with decent depth of chest. She moved true to type with such reach and drive for one so young and clearly confident and loving her show with lashing tail. Definitely one I would have taken home! **BPB, RBPIS** Shame she met such a BPD today in the puppy challenge as I'm sure she has a great show future.

2 Oddie, SHARNPHILLY TIKTOK TO RIOWOOD 10 month B/W more mature youngster who moved beautifully, handled to advantage. Lovely front. Super, well sculptured head with kind expression. Not quite the balance of winner, as longer in body and slightly over-exaggerated hind angulation.

3 Radcliffe, SNIPERAY EDGE OF GLORY

Junior Bitch (5,0):

1 Wilkinson, STOCKSFELL SHOWDOWN – as PB

2 Gordon, HAWKFIELD BLACK SWAN Solid black, very elegant 15 month youngster. Curves and angulation all in the right, balanced proportions. Plenty of time yet to mature into a Black Swan. She has more bone than her solid black colouring deceives from ringside. Super sloping pasterns, great feet. She moved beautifully, showing her all with lashing tail.

3 Smith, DONDAIG TUTTI FRUTTI

Yearling Bitch (9,1):

1 Harrison, HANNIA DEL ALMOJON OF MILLPOINT (IMP ESP) Very white O/W with well-set 'lacy' ears on a well-proportioned, pretty head. Lovely, mature front with super length of upper arm and subsequent well laid-back shoulders, with equally balanced rear angulation. Well let-down hocks and sloping pasterns with correct oval feet. Moved so well with her tail lashing in true Pointer style.

2 Matthews, SONHAM CHASING RAINBOWS Blanket black with gorgeous long neck. Balanced angulation with lovely front which showed in her reaching and driving locomotion as she powered around the ring. Great feet and pasterns.

3 Blowers, FOWINGTON LAR TI DAR AT DEADAWAY

Novice Bitch (19,2):

1 Webster & Goodwin, MILLPOINT AIR WAVE B/W 2 year old who moved with purpose using her tail well. Very elegant with a lovely feminine head on a reachy neck. Balanced angulation, not overdone in any way. Won this huge class on her movement.

2 Knowles, FLEURFIELD FIRE OPAL AT DOVEHAYES O/W A curvy, graceful, well-balanced 18 month who has time to mature a little more. Good front, Lovely bee-sting tail.

3 Matthews, SONHAM CHASING RAINBOWS

Graduate Bitch (18,6):

1 Blowers, FOWINGTON LAR TI DAR AT DEADAWAY Very typey, elegant, all Pointer O/W with a very pretty head. Great, balanced angulation fore and aft, not over-exaggerated at all. Moved well. Super, neat tail.

2 Turton, TANGLEBROOK BLACK CAP B/W heavily ticked, beautifully balanced bitch who moved with such powerful drive from the rear with a lashing tail. Great oval feet and sloping pasterns. Very feminine head with lovely, kind expression.

3 Ovel, JIMAURA I'M FOR CAROLINE

Post Graduate Bitch (11,5):

1 Hinton, FLEURFIELD TRULY A SECRET JW Li/W Very elegant, compact bitch who caught my eye as soon as she entered the ring with her accurate, stylish movement that was saying, 'Look at me!'. She moves as if floating on air, hardly touching the floor. She is so well balanced throughout, with a deep chest and super front, matched with plenty of rear angulation for her drive but not overdone at all. From her pretty, feminine head with kind eye to her lovely, well-set, lashing tail, she is all Pointer. Well deserved **RBB, RBIS**. Splitting hairs between her and the BIS, both of very similar type, movement and style, with the BIS winning over slightly more curves and sloping pasterns.

2 Gordon, HAWKFIELD HAPPY Very pretty headed Le/W who is very graceful, light and true in her movement. Elegant lines with balance throughout. Correct feet and pasterns. Lovely little tail, though carried a little too 'Happy' today on the move.

3 Ovel, PLUNGEVALE QUEEN OF HEARTS AT JIMAURA

Limit Bitch (15,4):

1 Guy, CAROFEL ON SILENT WINGS JW Heavily ticked, attractive, compact B/W who I have previously awarded RBOB as a junior, since when she has matured beautifully. Outstanding, superbly balanced, elegant outline, not over-exaggerated in any way, with a deep chest and well let-down hocks, good sloping pasterns. Very feminine, pretty head with soft, kind eye, carried proudly on a long, muscular neck. Fabulous, light, graceful but ground-covering movement with lashing tail, holding her topline beautifully. **BB, BIS**

2 Harrison, MILLPOINT SOUND WAVE JW Lovely dark, heavily ticked O/W. Again, super overall balance, angulation and series of curves. Deep and broad chest allowing plenty of heart room. Excels in front assembly with good length of upper arm, often lacking in the breed at the moment. Strong head and would prefer smaller, thinner ears.

3 Norbury & Adams, MEDOGOLD BAMALAM AT HEARTBURY JW ShCM OSW

Open Bitch (10,6):

1 Hazeltine, Razzell, Spey, Oldfield & Lopes, AM CH BOOKSTOR FABELLO KINKY BOOTS (IMP USA) Very elegant, athletic bitch, very lightly marked O/W, presented in optimum, muscular condition. Lovely curves, so well balanced with good, springy pasterns. Beautifully sculptured, very feminine

head. Powered around the ring with confidence (handled rather too fast), neat, well-set tail lashing.

2 Oddie, SHARNPHILLY VERA WANG Pretty headed, lightly marked B/W with soft, kind expression. Good angulation fore/aft, sloping pasterns and lovely neat tail. Would prefer shorter coupling to make a squarer, more balanced side profile.

3 Wilkinson, STOCKSFELL SELDOM SEEN

Special Beginners Bitch (13,3):

1 Tregaskis, MOENFAIR ASTERIA STARSHINE Heavily ticked Li/W. Very pretty, well-defined, dished head. Became more settled, stacked and moved better with each class, hence going up the cards to win this class. Nice type, elegant lines with balance throughout, thin ear leathers, went well with good carriage.

2 Matthews, MEDOGOLD TARTINI WITH SONHAM OSW JW ShCM ShCEX Heavily marked B/W. Fabulous, very sound, strong mover who powered around holding a good topline, with lashing tail and head held high. Heavier boned type than the winner and a little stronger in head. Kind, dark eye. Well balanced angulation, well-placed shoulders which shows her good length of neck.

3 Ovel, JIMAURA I'M FOR CAROLINE

Veteran Bitch (7,1)

1 Welch, OXFORDACRES TRINITY BY HOOKWOOD JW ShCM Blanket B/W 7 year old. Moved very well with plenty of enthusiasm, covering the ground with lashing tail, in her element. Pretty, feminine head with expressive eyes. Balanced angulation throughout with no exaggerations, firm topline. Beat the BVD in the challenge on her excellent, stylish movement to **BVIS**.

2 Gordon, HAWKFIELD PRIDE N PREJUDICE Solid black, very elegant, pretty headed 7 year old bitch. Moved well with neat tail lashing enthusiastically. Good feet and pasterns. Would prefer a little more bone.

Top Dog and Top Bitch Competition

The points system works as follows: your dog gains four points for a first CC and one point for each subsequent CC. In addition one extra point for best of breed* where CCs are on offer. Karen Tregaskis (Judge)

Special Classes

Judge: Ruth Francis (Feebrick)

Brace:

1st Jean Bowen Brooks: This pair moved together very well at the correct pace and stood calmly in the line up. A lovely brace

2nd Sue Booth: Another nice brace who pushed hard for first. Just not as together as first placed pair.

Put the screen away for ten minutes and go and sit with your dog. Ask him gently how he is feeling then look for those tiny expressions as he answers you. Speak to him as the friend that he is. Rub the spots on his body that he likes you to rub the most, but only if he asks you to. If he brings you a toy, play. Or discuss the toy with him, like he has fetched you the most precious thing in the world.

Look for his smile and turn it into a laugh. Laugh with him. Ask him how you can help him to be happy, relaxed and fulfilled. If he offers a behaviour, say thank you. If he doesn't just thank him anyway, for his constant devotion, for being your friend, unquestioningly and unconditionally.

Thank him and thank yourself for being so over-awed by the love of one small individual from a totally different species.

PIPER

First published in, and reproduced by permission of, Gundog Journal

There are few September moments to compare with a pointer; head held high as he breathes in the heady scent of a covey of grouse; staunchly waiting as the Guns get into position, then roading in to lift the birds. If one of the Guns then drops a grouse even though they jumped well ahead of the dog then the moment is complete. This September though just such a scenario was especially poignant as the dog producing the covey was Piper – Koram Piper of the Glen if we are being formal – and that moment was the culmination of two years of what Rudyard Kipling once labelled ‘triumph and disaster’.

In July 2018 Alan Neill, a professional gundog trainer from Ireland, was on his way to the summer Pointer and Setter trials with eleven pointers and one Irish setter in his pickup and dog trailer. At three a.m. near Newton Stewart on a Saturday morning his vehicle was struck by a lorry. Alan was killed instantly, two of the dogs also died in the accident, a third fled the scene in terror and was missing for a week and three of the others were seriously injured. One of those was Piper who had suffered a severe dislocation of his left hock as well as numerous cuts and bruises.

Because we live not too far from Newton Stewart we became involved in the aftermath of the accident and arranged to collect Piper from the vet who had attended the accident and stabilized his injury. The next morning we took him to our own surgery where we were given three alternatives for his treatment – amputation, fusing the joint or sending him to a specialist for surgery that might – just might – enable him to work again. The third option was obviously the most attractive, except that the cost was likely to run to around £4,000.

This was the moment when the many friends of Alan Neill showed what a popular and well-respected man he was in the pointer and setter community. After consulting Sue Langford we made an executive decision that Piper should have every chance to get back to doing the job that he loved and he was booked in for examination with Andrew Miller in Stirling who specializes in this kind of surgery. Then Linda Westron started an appeal on social media and within two days enough money had been donated to cover the costs of the operation and the months of after care and rehabilitation that would follow.

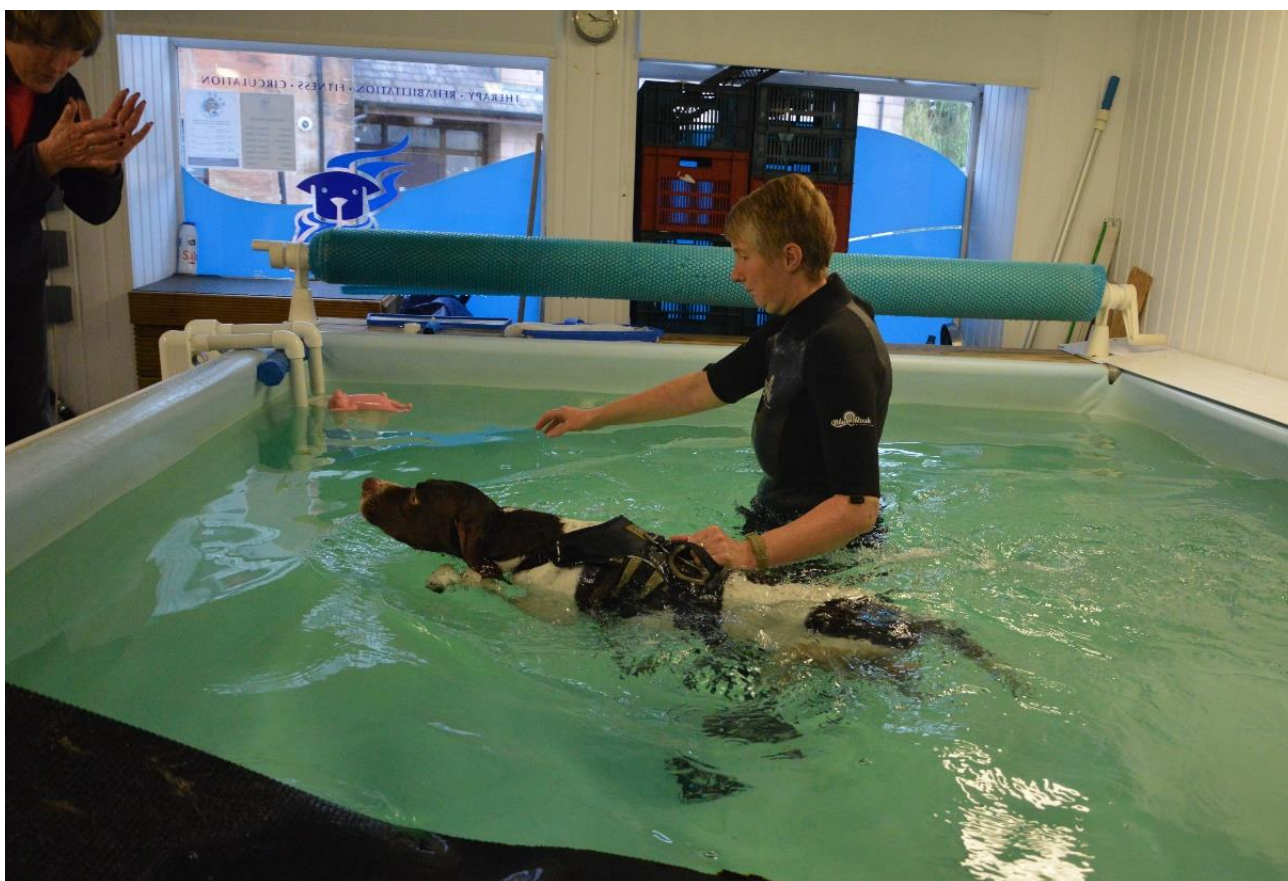

Piper after reconstructive surgery

We took him to the practice in Stirling and left him for assessment. Several anxious hours later we received a phone call to say that the joint could be saved and that surgery would take place the next morning. Two days later we went to collect him: heavy eyed from the anaesthetic, leg shaved and heavily bandaged. He was to be kept quiet and given the minimum possible exercise for the next six weeks, then brought back to Andrew Miller's for more scans to see whether the operation had succeeded.

The next weeks were not easy as Piper is not a dog for whom 'keeping quiet' is an option, particularly as he began to recover from the pain and stiffness of his injuries. His dressing had to be changed each week at our local surgery where he quickly became a firm favourite with the staff as he stumped around the waiting room. Finally the six weeks were over and it was back to Stirling where the operation was pronounced a success. Now it was time to start getting him back to full fitness.

To help with this we were assisted by two specialists – canine physiotherapist Fiona Campbell who devised a series of exercises that would gradually strengthen his leg without straining the injury, and Mo Burton of Solway Canine Hydrotherapy where we began taking Piper once a week for a little gentle swimming.

Piper enjoying hydrotherapy

His first introduction to the warm water in the pool was somewhat hesitant, but he soon came to love his weekly sessions. Being Piper he approached hydrotherapy as he does everything else in life: head on and flat out. No gentle swimming for Piper, he thrust his way around the pool in pursuit of a squeaky toy with all the drive of a Labrador after a wounded duck.

With daily exercises, gentle walks and weekly swims he slowly regained muscle definition on the leg and the hair began to grow back to cover the pink skin. It was almost Christmas, five months after the accident, when we let him run free for the first time. His delight at finally being allowed to run – albeit rather clumsily – was only matched by our joy at seeing him galloping free again.

In a way, Piper’s rehab had been a boon for Georgina too as she had just started a course of chemotherapy a few weeks before the accident. Nursing Piper and generally being wrapped up in his recovery somehow helped to keep her mind away from her own illness and they slowly got better together, developing a bond between them as strong as any she has had with the many pointers and setters we have owned over the past fifty years.

But the whole point of the operation was to get Piper back doing the job he loves and was bred for: hunting for grouse on the hills and moors of Scotland and the north of England. By March, when we started our spring grouse counts, we thought – hoped - that he might be ready for a little light work. Georgina picked out a nice, flat piece of the moor with short heather for his first run. ‘I’ll just give him two or three casts and then pick him up,’ she said. It seemed like a good plan to me.

Piper had other ideas. He had waited almost a year to be back on a grouse moor and he wasn’t going to miss the opportunity. He set out at pace and quartered beautifully, turning on his whistle but ignoring both the recall and the drop commands. Fortunately it wasn’t long before he came on to a pair of grouse and pointed. Georgina slipped the lead on him before working him in and honour was satisfied all round. I don’t think he was sorry to be picked up actually: no amount of road work can compare to running on the hill and through the heather and he was starting to tire though he would never have admitted it.

Back out on the moor

Out of concern for his hock joint we have tried to work him fairly lightly. He was out for one day's shooting last year and had a couple of points but the Guns were off target both times. He worked well at our summer grouse counts which brings us to that September moment with which I started this article. We were high up on a ridge above a loch, it had been wet overnight and the grouse were not for sitting. The other dogs had all found coveys but the grouse had been very quick to filter off through the heather and get up well ahead. The Guns had had some shooting, but a grouse rising at forty yards and swinging across the wind is never an easy shot and the game bag was still empty. And then it was Piper's turn. He had a point right on the march but the birds ran over a steep cliff edge and onto the neighbouring ground. Cast off again he found another covey that were up on their toes across some flat ground. He twice recast himself as they ran ahead and finally got them to hold long enough for the Guns to get in position. Georgina roaded him in and the covey jumped....

You know the rest. Betty the Labrador retrieved the grouse and that was the moment when we truly felt that all the effort was worthwhile and that everyone who had so generously contributed to the appeal to make it possible would have approved. I like to think that Alan may have somehow been keeping an eye on his boy and if so I am sure he would have been as happy as we all were at that moment in September.

On the morning of the event we met at the Shooting lodge, Delnadamph where the team, judges and sponsors were all introduced. The running order of the day was explained and we then moved up the hill in our 4 x 4s to our ground for the first round.

The day was run as a walked up shooting day on Grouse. As the grouse broods had suffered from severe weather conditions in May throughout many areas of Scotland and the north of England the birds were not shot but instead guns fired to salute them as they lifted and flew from a pointing dog. The guns for the day were Mr Michael Bennett Head keeper at Delnadamph and beat keeper Mr Craig Hepburn.

Delnadamph provided the perfect setting for pointers to exhibit their outstanding style and pace for the judges, guns and gallery to enjoy. The morning provided a good north westerly breeze.

The dogs were run in braces in the following order:

First Round

Ireland (A) V England (A)

Scotland (A) V Ireland (B)

England (B) V Scotland (B)

Ireland (C) V England (C)

Scotland(C) V Ireland (D)

England (D) V Scotland (D)

Second Round

England (A) V Scotland (A)

Ireland (B) V England (B)

Scotland (B) V Ireland (C)

England (C) V Scotland (C)

Ireland (D) V England (D)

Scotland (D) Ireland (A)

The judges for the day were Meryl Asbury & Fiona Kirk. Both ladies are very experienced Pointer & Setter owners, handlers and Kennel Club A panel judges. As this was judged as a shooting day the dogs were scored with a positive approach awarding merit points for good work. Each dog was able to score a maximum of 60 points in each round. The judges looked for dogs that worked with pace and style, even quartering on both sides and working the wind correctly. The dogs needed to show stamina throughout the run with each brace running for 15 minutes with no eliminating faults. With regards game handling, the judges wanted to see that the point was held for the guns and the birds produced freely, in a safe manner followed by a good work out and clearing of the ground. Overall they wanted to see dogs with natural working ability with minimal handling. The handlers were expected to instruct and place the guns appropriately and make sure they were not rushed to the points.

Our two judges Meryl Asbury and Fiona Kirk

The dogs predominantly worked a downwind in the first round. This really tested the dogs and we saw some great dog with excellent game handling. They really had to work for their birds and it was a true test of stamina and ability. A lot of ground was covered in the first round and we all had a good walk back to the vehicles helping to build our appetites for lunch! Once back at the Shooting lodge everyone had the opportunity to recharge and refuel ahead of the second round.

We were pleased to welcome Mr Gledson Resident Factor in the afternoon and he joined us on the hill for the second round. We headed up onto a different piece of ground where the density of grouse was less but the ground was ideal to give the opportunity to see some good running, this time into the wind. Several dogs had some super runs showing great pace and style and minimal quiet handling. A few dogs were fortunate to have further finds as well, which added to the enjoyment of the afternoon. While the ground was slightly less challenging demographically, the weather provided its own challenge in becoming much warmer. All the dogs coped well with this change in temperature. The last brace completed their run at 4.30pm and everyone headed back our superb headquarters Douneside House, Tarland in anticipation of the results that were due to be announced at the awards dinner. David Hall Chief Steward collated all of the score cards and prepared the results.

After a very enjoyable meal in great company the wait was over and the results announced.

Obituary: Stuart Tait

It is with great sadness that I heard that Stuart Tait passed away on 18th August aged 75. I've known Stuart for over 40 years since we started showing English Setters.

Stuart served on both The Pointer Club and English Setter Association committees using his knowledge to great effect.

He made up many champions in both Pointers and English Setters under his Moordale prefix. He bred quality stock and was an astute judge, awarding tickets many times in both breeds.

The Pointer Club send sincere condolences to his wife, Sheila and to his family. **Andy Swannell**

Obituary: Frank Sutcliffe

I was sorry to hear of the death of Frank, although we had lost touch over the last 10 years my memories of him are of a man who was quiet and dignified, one of the true gentlemen of the breed, win or lose he was always the same. Living in the same area I had known him from the local shows but got to know both him and Shirley better when in 1985 after what had been a traumatic time in my life they let me have a pup who was to become Sh Ch Eaglesfield Sophie, a prolific winner at the time. She was the only bitch in the litter and I was so grateful to have her, typical of his unselfish nature. His knowledge was second to none and he was always willing to pass it on to anyone who asked. I feel lucky to have known him.

Glynis Marsh

Letter to Andrew Sutcliffe from our president **Meryl Asbury:**

I am extremely saddened to learn of the passing away of your father, Frank Sutcliffe, on the 7th August. This must be a difficult time for the family and it is so good of you to contact the Club in such a time of grief.

Your father was highly respected by the Pointer Club, serving the Committee in the early 1990s and then becoming President in 2006-2009. A great honour.

His Pointers were also held in great esteem under the Eaglesfield prefix. They were consistent winners in the show ring, with Sh.Ch. Eaglesfield Sophie of Ratchda, owned by Mrs Glynis Marsh, being one of the breeds most consistent winners.

We are very grateful for your generosity and kindness in offering the Pointer Club the memorabilia belonging to your father. The Pointer Club is a fitting home for it and you can rest assured anything you send us will be treasured.

Many condolences to you and your family.

*Losing a dog leaves a hole in your heart,
You simply just wait for your life to restart.
The hurt is so deep that you wonder just how,
You'll ever recover from pain you feel now.
But time is a blessing and memories are gold.
The years that you loved her and watched her grow old,
Are gifts that she leaves you to treasure and then,
One day you'll see her and love her again*
